ADVANCE TOWARD OIL REFINERIES

By JOHN CASHMAN
U.S. Staff Correspondent

MANILA, June 16.—Timbalai airdrome, third to be seized in the six-day-old invasion of Borneo, was firmly in the grasp of Australian troops today as the "Diggers" pushed deeper into the interior of the fabulous East Indian Island.

Gen. Douglas MacArthur, in his official communiqué, announced the seizure of Timbalai airdrome on Labuan Island and added that "last known Japanese positions on the island which dominates the entrance to strategic Brunei Bay were reduced."

The Melbourne radio, as heard by the ABC, said that the Aussies were driving "southwest into Sarawak toward the oil refinery at Tumpah 16 miles away."

Taps Hint New Invasion

MacArthur, the Japanese radio said, that another invasion of Borneo was in the making. The radio said that "an enemy force of about one million, three divisions, 16 divisions and other troops" was observed approaching Balikpapan on the east coast of Borneo and a rubber-rich island, ABC heard in its broadcast.

MacArthur said, in addition, the elements of the Ninth Australian

Some Of Problems Before 'Big Three'

WASHINGTON, June 16.—INS.—Diplomatic circles in Washington today believe that at least seven outstanding world problems will be discussed at the "Big Three" meeting expected to be held next month in the vicinity of Berlin.

Possible Problems

They are:
1. Poland. Although presidential adviser Harry Hopkins fixed up machinery for settlement of the Polish question during his recent visit to Moscow, the suddenly announced trials of 16 Polish leaders by the Soviet has brought new complications. It is believed that President Truman, Prime Minister Churchill and Marshal Stalin would inevitably have to discuss the Polish problem.

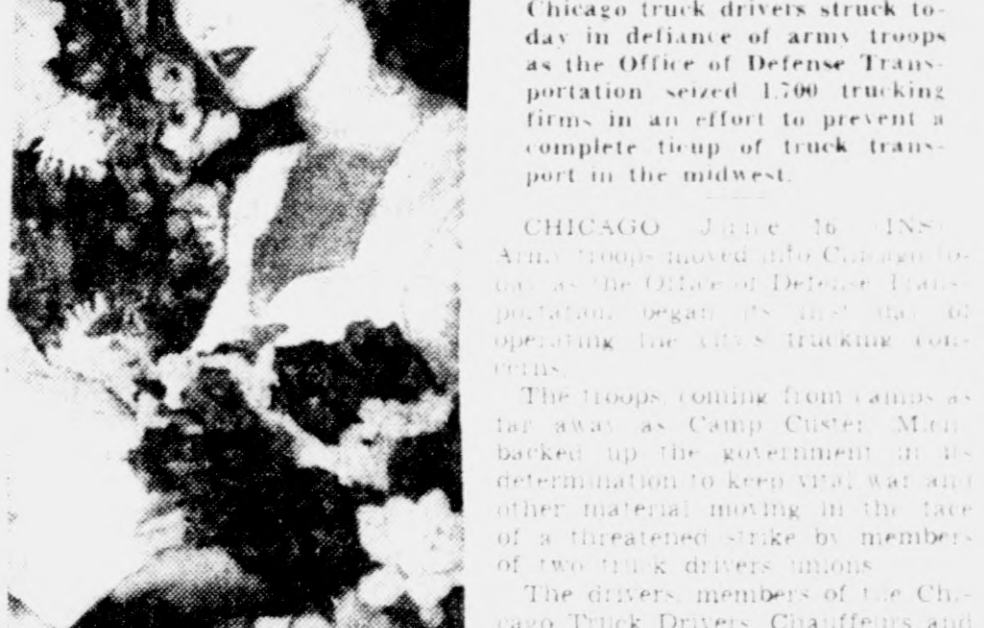

2. Policy in liberated countries in Europe. The Yalta declaration spelled this out but it is reportedly not working satisfactorily. Soviet control of Bulgaria, Romania, Yugoslavia, Hungary, is so complete there is no opportunity for American observers and correspondents to obtain information in these countries.

Control Of Austria

3. Austria. Unless the agreement is worked out before the allied meeting the big three will have to discuss the Austrian problem.

Says Himmler Was Most Eager For Surrender

Count Folke Bernadotte Writes Sensational Book On Nazi Disintegration

By STEN HEDMAN
U.S. Staff Correspondent

STOCKHOLM, June 16.—INS.—A dramatic midnight meeting in which a tired and shaken Heinrich Himmler agreed to surrender Germany's western armies was described today in a book, "The End," a sensational account of Nazi disintegration written by Swedish Count Folke Bernadotte.

The Swedish Red Cross official who communicated the offer to the Allies said the former Gestapo chief agreed to anything, including surrender of Norway and Denmark, during a two-hour talk in London, the night of April 23rd and 24th.

Himmler, declaring himself no longer bound by his personal oath to the presumably dead Hitler, asked that his surrender proposal be transmitted to the United States and Britain.

Situation Hopeless

Declaring the situation hopeless, he readily agreed to release King Leopold of Belgium and had death sentences imposed by the Nazis in Denmark.

Bernadotte, who said that Hitler was murdered by a Soviet agent, was quoted as declaring that the Nazis had no chance of winning the war.

CHICAGO, June 16.—INS.—Army troops moved into Chicago today to aid the Office of Defense Transportation in its effort to prevent a complete stoppage of truck transport in the Midwest.

The troops, coming from camps as far away as Camp Claiborne, backed up the government in its determination to keep vital war and other material moving in the face of a threatened strike by members of two truck drivers' unions.

The drivers' members of the Chicago Truck Drivers' Association and the International Brotherhood of Teamsters, Warehousemen and Helpers of America local 705 (AFL) voted six to one last night to strike.

In a referendum taken by the NLRB the two unions agreed to strike in protest against refusal of the War Labor Board to reconsider their wage and hour demands.

Park district police reported at least 1600 soldiers were expected to camp today on Northern Island near the downtown district. Precinct stations on both north and south sides.

United Nations Conference May Meet New Delay

SAN FRANCISCO, June 16.—INS.—A fresh balk from Moscow and dozed resistance of the small powers to the Big Five speedily have again threatened to upset the United Nations conference scheduled for adjournment one week from tonight.

The scheduling action came as a surprise to the Big Five, who had expected the conference to adjourn on June 24 as announced in San Francisco and Washington.

Decisions were opened at once among the Big Five in an effort to compromise Soviet Russia's 11th hour demand for rescheduling the question of the general assembly, right to discuss and matter affecting international relations.

GENOVA, Italy, June 16.—(Associated Press)—Sixty persons were injured in a mob attack upon Spanish refugees today in the Italian port city.

Some witnesses insisted that they saw at least four corpses stretched out in the Chamber of Deputies, and that a number of passengers were injured by the mob.

Spanish Blue Division, known as an unopposed, reputable force among Fascists, was Generalissimo Francisco Franco's Italian, Italian, and Italian German troops, a separate unit to reinforce the Russian front.

Remaining Japs On Okinawa In Death Trap Now

Three Tenth Army Divisions Smash Into Remnants Of Enemy Garrison

NO SUICIDE PLANES IN PAST THREE DAYS

By JOHN R. HENRY

GUAM, June 16.—The rough Yaegu Lake escarpment became a death trap today for remaining Jap forces on Okinawa.

Three Tenth Army Divisions smashed into remnants of the enemy garrison from three sides—the First Marine Division pressing in from the west along Kunishi ridge, the Seventh Army Division in another pincer clamp moving southward along the eastern area, and the 96th Division banging headon into the escarpment itself.

tered in the natural coral formations which the enemy has converted into small fortresses. These were subjected to flaming oil attacks from General Sherman tanks as well as devastating direct gunfire from massed artillery.

On the western flank, the First Marine Division after weathering a hail of enemy fire from cliffs of the towering escarpment, further consolidated its positions along Kunishi ridge and sent some Leathernecks ranging ahead of the frontlines.

Battle For New Ground

The 16th Division's 31st Regiment at the same time fought for new ground on the upper plateau of the Yaeyu escarpment, pressing attacks with a new ferocity to make good Lieut. Gen. Simon Bolivar Buckner's promise that the Jap defense would be eliminated within seven days.

Observers, meanwhile, studied Fleet Adm. Chester W. Nimitz' latest communique disclosing that three days have passed without a Japanese aerial thrust being directed against Okinawa. This was interpreted as a dividend for the smashing Superfortress and carrier-plane strikes against Japanese aircraft industries and landing fields.

Nimitz announced, however, that American planes bombed and strafed Japanese airfields and other military targets on islands of the Saishu group, to the southwest of Okinawa, on Thursday.

appeal that urged Dr. Paul Joseph Goebbels at his best. Follows Goebbels' Claptrap. The spokesman was Kunitada Honda, former Japanese ambassador to Germany. Obviously drawing deep upon his experiences in Berlin, where he had first-hand contact with Goebbels' endless claptrap, he called upon the Japanese people for "long-term resistance."

And he predicted that such a position eventually would result in a "breakdown of allied war power." Honda attempted to ridicule and all reports that Japan was seeking peace. That is exactly what Goebbels and Hitler said during the many long months when German generals, convinced they had lost the war, were seeking desperately some means of reaching a compromise while their armies still were more or less intact.

With our war situation as it is today, the German diplomat, while in a newspaper article, "it is nothing but surrender and the diplomacy to Japan to propose peace with the enemy."

"Fight To End." "We must fight and fight it out. This is the only way out of the present crisis, thereby saving ourselves from the danger of national extinction. If we defend our nation and continue resistance for five, ten or even twenty years, we will see the enemy certain to suffer an eventual breakdown in their inordinate strength."

This is what both Goebbels and Hitler said on similar occasions before the armies of the United States and Great Britain made their beachhead inroads.

Children already have been indoctrinated by the Japanese into the "long-term resistance" line. See also the article in the Tokyo press about Japanese "long-term resistance" line. See also the article in the Tokyo press about Japanese "long-term resistance" line.

NOMINATE FRANK N. JOHNSTON LOGICAL CANDIDATE for SHERIFF

I have conducted a clean campaign for that office. I have been busy presenting my claim, qualifications, and making new friends. My campaign, thus far, has resulted in many pledges of support from every nook and corner of Lawrence County and there is ample evidence that today I am a leading candidate. I have never doubted the loyalty of the many friends who have pledged themselves to me. I have every reason to feel a wavering on the part of the voters who have set their minds on showing that I am the man they want to carry the banner of their party in the November Election.
